Projector Control

Connection Indicator
Blinking Green = Good Connectivity
Solid Red = Connection Failure

Toggle Power
While the projector is warming up, this button will flash.

A/V Mute
Quickly block projected image.

Microphone Control
Opens a popup menu to control individual microphone inputs, including the wireless.
A wireless microphone is provided in this room.

Tegrity
A 3.5mm audio cable is provided for microphone audio output to a guest laptop for Tegrity recording purposes.

NOTE: Batteries for this microphone are not supplied. When planning on using this microphone in the room, bring (2) AA batteries.

Volume Control
Slider and arrow buttons control the audio from Computer, A/V, and auxiliary sources.

Input Selection
Select an input to project.

Guest Laptop Mirroring Shortcut Keys
Most laptops will project an image to a secondary display immediately, when connected. If the projection is not automatic, certain shortcuts or keystrokes may be necessary:

Windows XP and Windows Vista®: Fn+Function
Windows 7 and 8: Windows+P to bring up a toggle menu to select Duplicate.
Macintosh: CMD+F1 to Mirror
Consult your computer user’s guide for specific information on your computer.

Document Camera
The document camera is connected to the room computer.
Project the Room Computer and select ImageMate for controls and camera view.
