### Projector Control

**Connection Indicator**
- Blinking Green = Good Connectivity
- Solid Red = Connection Failure

**Toggle Power**
- While the projector is warming up, this button will flash.

**A/V Mute**
- Quickly block projected image.

**Microphone Control**
- Opens a popup menu to control individual microphone inputs, including the wireless.
- A wireless microphone is provided in this room.

**Input Selection**
- Select an input to project.

**Volume Control**
- Slider and arrow buttons control the audio from Computer, A/V, and auxiliary sources.

**Guest Laptop Mirroring Shortcut Keys**
- Most laptops will project an image to a secondary display immediately, when connected.
- If the projection is not automatic, certain shortcuts or keystrokes may be necessary:
  - Windows XP and Windows Vista®: Fn+Function
  - Windows 7 and 8: Windows+P to bring up a toggle menu to select Duplicate.
  - Macintosh: CMD+F1 to Mirror
- Consult your computer user's guide for specific information on your computer.

**Document Camera**
- The document camera is connected to the room computer.
- Project the Room Computer and select ImageMate for controls and camera view.
