Microphone Control Pop Up Menu

Access this menu from the main menu button "Microphone Control".

Mic jacks are labelled, located under the equipment nook, at the front of the stage, and at the far end of the stage.

Tegrity

A 3.5mm audio cable is provided for microphone audio output to a guest laptop for Tegrity recording purposes.

Camera Control Pop Up Menu

Two cameras are installed in the room. Access the camera controls by holding down the camera buttons on the main menu.

Tegrity
The selected camera also feeds to the room PC for Tegrity recording.
